

DEPARTMENTAL SAFETY INSPECTION

French Family Science Center

Research Department _____

Research Director _____

Room Number _____

Date Inspected _____

		Left	Right
Fire Safety	Blockage of aisles (no safety exit)	_____	_____
	Fire extinguisher inaccessible	_____	_____
	Smoking in lab	_____	_____
	Flammable materials in non-sparkproof refrigerator	_____	_____
	Other _____	_____	_____
Chemical Safety	Exposed solvent bottles	_____	_____
	Use of solvents out of hood	_____	_____
	Unlabeled/exposed hazardous reagents	_____	_____
	Poor storage of reagents	_____	_____
	Improper chemical storage in hoods	_____	_____
	Chemical spills left unattended	_____	_____
	Food in chemical refrigerator	_____	_____
	Excessive storage of unused chemicals (chemical pickup needed)	_____	_____
Waste solvent cards incorrectly filled out or unused	_____	_____	
Equipment Safety	Lack of guards on moving mechanisms	_____	_____
	Excessive deterioration of electrical conductor insulation	_____	_____
	Improper interconnection of electrical conductors	_____	_____
	Uncovered broken glassware	_____	_____
	Syringe needles left exposed	_____	_____
	Improper storage of equipment in hoods	_____	_____
	Hoods not operational	_____	_____
	Compressed gas cylinders inadequately secured	_____	_____
Other _____	_____	_____	
Personal Safety	Safety shower rings not within reach	_____	_____
	Safety show not functional	_____	_____
	Eyewash stations not functional	_____	_____
	Other _____	_____	_____
General Safety	Excessive clutter of work benches	_____	_____
	Excessive clutter of hood	_____	_____
	Excessive clutter of sinks	_____	_____
	Emergency notification card not on door	_____	_____
	Radiation hazard	_____	_____
	Geiger counter	_____	_____
	Scintillation counter	_____	_____
	Chemical hazard	_____	_____
Biohazard	_____	_____	
Other _____	_____	_____	

Comments: _____

Inspected by: _____

The safety problems noted above should be corrected within two weeks of the date of inspection. The research director should sign below when these problems have been corrected and immediately return to the Departmental Safety Officer.

 Signature of Research Director
