Chemical Waste Pickup Request

Generator ID: _____ Date: _____

Chemical Location: RM# _____

Directions: Place one bar code label on the container of waste to be disposed and the matching label in the *Waste ID Number* column. Describe the waste using standard chemical nomenclature or most common name in the *Chemical Waste Description* column. Note the size of the container in the *Container Size* column and indicate that a chemical is unused or uncontaminated by putting the word "Yes" or the letter "Y" in the *Unused?* column. Fax the completed form to the Environmental Programs Division at (919) 684-2422 or send it via campus mail to Box 3914 DUMC.
